Theta Deuteron Charge

Theta Delta Chi was founded at Union College in 1847, and is one of the oldest college fraternities. Theta Deuteron charge, situated on Memorial Drive, has long guided the freshman pledges by upperclassman room-mates, who act as advisors. Thus from the time the freshman enters until he is well oriented, he may be helped by planned study, activity and relaxation policies. Hence there is developed a serious respect for work, and through the medium of formal dances, parties and informals, an ability to relax at the proper time.

Highlight of the social season was the Fall Open Formal. This gala affair was attended by some one hundred and fifty couples. New Year's eve was officially welcomed at the house by the brothers who remained in town over vacation.

The interests of Theta Deuteron are many and varied. Just now the house has finished a ping-pong tournament on the new table. George Schnugg, the athletic chairman, emerged victorious at the top of the ladder. This year's freshmen delight in relaxing with a song or two to the accompaniment of Scotty Carpenter's famous piano. Steve King, now that winter blockades the dinghies, spends his time reading "Yachting," while Brothers Johnson, Hense, Payson, Shelby, Nielsen and Kampmann welcome the cold weather for their frequent skiing week ends. They were all looking forward to the long midterm vacation until the change in Institute schedule broke up the party.

Meanwhile, Bill Place and Deke Bowers are doing a little wishful thinking on how to get away from it all with an extended trip to the South Seas, as Mort Spears purrs with delight at the sound of his latest record amplifier.

However, it is not all play at the Theta Delt house. We have only to look in the newspaper or to turn on our radios to realize that these are times for hard work and endeavor. Prexy Bob Crosby seems to study most efficiently, perhaps trying to set an example for the freshmen to follow.
