

THETA DEUTERON CHARGE

In spite of the best efforts of the Local Draft Board No. 45 and the heads of the various departments at the Institute, quite a few brethren of Theta Delta Chi have managed to remain at Tech. The numerous parties and picnics and the one big informal last winter have kept civilian morale high.

Activities around the house and at the Institute are far from stagnant. Every day from five to six, the fellows not over at the M.I.T.A.A. set storm warnings in the basement as the house champs let off steam around the ping-pong table. Upstairs cries of "...an' didja see the quiz that ol' sonofagun gave us?" and "...give us another problem like that, they can draft me any time, they..." float over the heads of the ever-present bridge foursome.

Also amusing were the antics of Bigelow and his uncertain supply of women, Richards and his periodic apathy towards humor of any sort, Radish and his inexhaustible supply of ghastly equations, Ray and his ever-failing furnace. Tales of our exploits of this past year have stirred our brothers in the service to write nostalgic letters home. We of Theta Delta Chi are doing our best to see that everything is in order for the time when they will come back victorious.
