Honest! It was this long!

What do I plot here???

theta delta chi

Under the able leadership of our president, Tom Doherty, Theta Deuteron Charge of Theta Delta Chi staggered through another season of school. Things could not be better: We've got eight of the finest pledges the Greek Gods could grant, with thanks to the all out efforts of rushing chairman Joe "Zeus" Carty; the food is as good as ever, thanks to the cook and to our steward Norm Peterson; the house is in fine shape, thanks to our house manager Bruce Fagon; and everyone is winning at poker, thanks to (now seldom) visiting brother Walter Ray.

We found, much to our joy, that John Stem, former member of the rifle team, and Tom Marlow, better known as "JudComm-Tom," are still at school. They graduated last June, but tell us that they are back for graduate work. Also back for graduate work is Frank Davenport. We are glad to have all three of them around. We also send our greetings to Gil Strang who won a Rhodes Scholarship last spring, and is now doing time over in Oxford, England.

The house continues to enjoy its social life, highlighted by the fall Pledge dance and the Christmas Orphans party. The drink for the latter affair was a Swedish punch by the descriptive name of "Glug," which got immediate results. Athletically, the house scraped together some extremely spirited intramural teams.

As in the past, the house is involved in many of the varied activities around campus, such as T.C.A., Technique, Voo Doo, Tech Show, Varsity Baseball and Basketball, and many others. We feel that we have had, and will continue to have an enjoyable time here at 314.

If he doesn't get out of my way...

What channel is it on?
